Career Objective

To secure a position where I can apply my cybersecurity skills to strengthen digital security systems while continuously developing my professional expertise.

Experience

04/05/2025 — **Blue Team Bangladesh LTD,** *Cybersecurity Engineer and Trainer*
(Ethical Hacking & Penetration Testing)

18/01/2025 — **Express Systems Limited,** *Junior Engineer (Incident Responder)*
Government Project - National Board of Revenue

Skills and Tools

Vulnerability Assessment and Penetration Testing
Have understanding of security tools (Security Linux, Burp-suite, OWASP ZAP, Metasploit, Nmap, SQLMap, , Nessus, Stellar Cyber, Radware, OpenVAS, Nikto etc.)

Programming Skill
C/C++, Python, and PHP.

Defensive Security & Analysis
SIEM (Splunk, Wazuh, Stellar Cyber), Firewalls & WAF (Radware), Malware Analysis & Forensics (Autopsy, OSForensics, Wireshark, x64dbg, Ghidra, IDA Pro, Volatility, REMnux etc.)

Database programming
Have knowledge of MySQL and PostgreSQL.

Web Technologies
Django, Laravel, HTML, CSS, Bootstrap, REST APIs.

Certifications

Certified Ethical Hacker (CEH)
EC Council, 2026

Certified Incident Handler (ECIH)
EC Council, 2026

Certified Security Code Review Beginners (CSCRB)
Red Team Leaders, 2025

Computer Hacking Forensic Investigator (CHFI)
EC Council, 2026

Certified Associate Penetration Tester (CAPT)
Hackviser, 2025

Vulnerability Assessment & Ethical Hacking
Blue Team BD, 2025

Certified SOC Analyst (CSA)
EC Council, 2026

Mastering Cyber Threat Intelligence for SOC Analysts
SOCRadar, 2025

Certified Network Security Practitioner (CNSP)
SecOps Group, 2025

Training

Certified Penetration Testing Engineer [C)PTE]
40 Hours

Certified Ethical Hacking
40 Hours

Certified SOC Analyst
40 Hours

Certified Computer Hacking Forensic Investigator
40 Hours

Certified Incident Handler
40 Hours

Projects

Security Monitoring Lab, *University Project*
- Built a security monitoring environment using Suricata, Elasticsearch, Wazuh, and Sysmon.
- Configured Suricata IDS and developed custom rules for network threat detection.
- Deployed Wazuh Agent on Windows Server with Sysmon for endpoint telemetry and log collection.
- Created and tested Wazuh detection rules for suspicious Windows activity.
- Performed controlled Mimikatz testing and validated endpoint detection through Wazuh alerts.

CSRF Detection System, *University Project*
- This tool detects CSRF web vulnerabilities by identifying CSRF tokens and analyzing the SameSite cookie attribute. It is developed using Python.

GitHub Data Scrapper, *Self Experiment*
- This tool collects and extracts searched data from specified GitHub repositories.

Education

Running — **Professional Master's in Information and Cyber Security (MSc.),**
Dhaka University
CGPA: 3.38 out of 4.00

2024 — **Software Engineering Major in Cyber Security (BSc.),**
Daffodil International University (DIU)
CGPA: 3.64 out of 4.00

2020 — **Science (HSC),** *Dr. Mahbubur Rahman Mollah College, Jatrabari*
GPA: 5.00 out of 5.00

2018 — **Science (SSC),** *Armanitola Government High School*
GPA: 5.00 out of 5.00
